

Stirling Low Carbon Alliance - Silver Footprint Award for SUIP Ltd

SUIP Ltd are delighted to have been awarded the first Silver Footprint Award as part of the Stirling Low Carbon Alliance. This accolade is the result of hard work by the Innovation Park Team and in particular Ken Wilkie and Angela Mitchell who constantly strive to look at energy saving and carbon reducing measures. We continue to work with [Going Carbon Neutral Stirling](#) to promote carbon reduction and cost within the Park.

SCDI Business Networking Lunch, Thursday, 8th September 2011, 12.30pm
Scion House, Stirling University Innovation Park FK9 4NF

This networking lunch, hosted by SUIP Ltd, provides an excellent opportunity, and a chance to receive a brief update on Scottish Council for Development & Industry (SCDI) activities, taking place both in your region and nationally.

For further details or to register, please contact Claire Miller - claire.miller@scdi.org.uk

The Wellbeing @ Work Foundation

With current economic challenges and increasing pressures to spend less but deliver more it has never been more important to create the right work environment and culture. The Wellbeing @ Work Foundation are a new not for profit organisation that aims to get as many people as possible fit for, attending and performing at work.

The Foundation enables organisations and managers to achieve real solutions by working with them to combine best practices across various disciplines including Health & Safety, Occupational Health/Medical, Legal, Alternative Dispute Resolution and People Management.

Young Company Finance Annual Conference: Profiting from Innovation, Thursday, 15th September 2011 - Stirling Management Centre

This years Annual Conference will explore the ways in which innovation produces economic value, whether profits for entrepreneurs and investors, or wider benefits for the economy as a whole.

The theme also encompasses the ways in which entrepreneurs seek to commercialise innovation, the different routes to profit envisaged by business angels and venture capitalists, and how in Scotland we can turn the countrys undoubted strengths in invention and innovation, and in research and development, into successful businesses.

For further details or to secure a place, please [click here](#).

Intellectual Assets Centre

Are you a Scottish Software Company who is ambitious to succeed?

The [IA Centre](#) have developed a programme of workshops specifically for Scottish software companies which will enable them to manage all of their company's assets to make sure they succeed—even in tough economic times. Workshops will run in Edinburgh on 10th and 24th August and 9th September and will mix hands-on activities with expert advisers.

Every participating company will benefit from one to one expert consultancy support throughout the programme. For further details of this introductory seminar and the programme of workshops please [click here](#).

Institute for Product Design & Manufacture (IPDM)

Opportunities for Scottish Companies to Enter New Markets in the Baltics

[IPDM](#) is pleased to announced the establishment of the Baltic Scotland Enterprise & Export Centre (BSEEC), a service aimed at supporting Scottish companies wanting to either export their products and services to Central and Eastern Europe and Russia/CIS markets, or who want to take advantage of the generous EU support available to companies who want to establish R&D and production bases in the Baltic markets.

The BSEEC will be operating an export incubator in Lithuania to support you in the development of operations there or to facilitate your company's entry into the selected markets. This will offer a range of facilities, including virtual and actual office space, support in applying for local funding as well as an access to the local science base for research. All services will be offered at a discounted rate. For further details please contact Charles Cormack at Anastasia@ccbaltic.eu.

Product Realisation Centre (PRC) & Enterprise Europe Network (EEN)

Connect, Innovate & Grow - 31st August, Linlithgow Burgh Halls

Organised by the PRC, in Partnership with the EEN, this free seminar will introduce you to the services on offer.

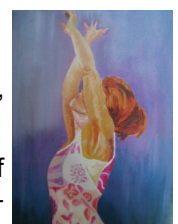

[PRC](#) helps Scottish entrepreneurs, start up companies and SME's get their products to market. They will facilitate the production and testing of demonstrator and prototype products while providing guidance, support and advice on new product development and engineering management. [EEN](#) can help you to identify suitable partners in a commercial, technological, knowledge transfer or research capacity. They also assist companies to engage in programmes funded by the European Commission or partner organisations.

For further details of this free seminar, please [click here](#).

Art on the Park: "Painting with Light a Journey out of Darkness"

Exhibition by Lorraine Nicholson

This is a multi-media, multi-faceted exhibition comprising of poetry, photography and paintings, which tracks and unravels a journey crossing many thresholds.

The darkness in the exhibition's title refers to severe depression which deprived the artist of light and colour and the ability to create for several years but ironically it led to the light becoming even stronger and her work prolific. It is this very light that defines and sculpts her work.

Pages and poetry extracts from her recently published book "The Journey Home" feature too and are intended to carry hope for others in terms of recovery. For further details please [click here](#).

The Exhibition will run from **16th July - 4th September 2011** in Scion House, Stirling University Innovation Park FK9 4NF
